Ten Facts about Student Council

1. The amount of work in Student Council is ineffable. The time and commitment required may at times be overwhelming; however, the experience is rewarding.
2. Student Council can be underappreciated and misunderstood by the student body; therefore, it is the job of the representative and the officer to share with the student body the role of Student Council in the school.
3. Spirited members who are willing to market events and fundraisers are necessary to the success of Student Council.
4. Student representatives are integral to Student Council. Do not underestimate the position of a representative, as the class council officers and executive board both rely heavily upon the representatives to be the voice of the student body's opinions and concerns.
5. Student Council is a team-oriented group. Every member must be willing to help when there is a need.
6. If there is a lack of commitment or cooperation between members, no work can be accomplished. The success of the group depends on the willingness of each member to pull their own weight.
7. Effective communication is essential for the success of Student Council.
8. Parents/legal guardians must support their child throughout his/her term in Student Council. By joining Student Council, it is understood that the parents/legal guardians are aware of all the responsibilities that Student Council requires of its members. This means all outside appointments have to be scheduled around the Student Council commitments, the calendar for which is posted ten months in advance.
9. It is encouraged to ask for help when necessary. It is better to ask for assistance than to be unaware of upcoming activities.
10. For those who are committed and proactive, Student Council is a lot of fun.

I have read the election guidelines and I am aware of all provisions of these guidelines, including those concerning the use of controlled substances. It is understood that if my child does not follow these guidelines, he/she will forfeit his/her candidacy and office.

I understand that my child’s participation on Student Council is an unreasonable commitment. For my child, it involves an enormous number of hours after school and on weekends. It involves being at an event before anyone else and staying after everyone else has gone home. It involves mandatory fundraising. It means that my child may need transportation to and from school that is inconvenient to me and, by signing this, I am agreeing to provide for all transportation.

Coordination of Activities other than Student Council:

Please list all activities you are involved in or hope to be involved in that are not Student Council related and then rate the importance and priority of these activities as they relate to your life. This includes outside volunteer activities, as well as advanced music programs, advanced tutoring programs, sports, other clubs and activities and so forth. Please note, you may say that two activities are rated the same scale of importance. Please use a Likert scale where 1 is the least important or lowest priority and 10 is the most important or highest priority in your life.
